November 2007 • Vol. 19 No. 5

## EDITOR'S RAMBLINGS

**T**here is never any ramblings in this section. I have only important informational items to share with you.

The November meeting date is November 3, 2007 and the 2008 meeting dates are:

January 5, 2008,  
March 1, 2008,  
May 3, 2008, and  
June 7, 2008

Thanks Don for securing those dates for us.

[lvrceditor@yahoo.com](mailto:lvrceditor@yahoo.com) has been getting many junk emails on a regular bases and I don't know if I have deleted any of your messages. In the future, when you email me, please add LVRC in the subject line if possible.

For those who could not attend the London Vintage Radio Annual Radio

Swap Meet and Fleamarket, the move from the Legion to the new location went very well as we had hoped. The Fleamarket even attracted some passerbys due to the location. There were new vendors and buyers alike. One of the highlights of the Fleamarket was the Atwater Kent Model 10 as shown on Page 4. The set has all the original components and an added base.

There was an incident at the Fleamarket it seems. At least one transaction involved a "kickback" as pictured below. To protect the accused individuals, I will refer to the person on the left in picture as G and the person in the right as P. As was described, P purchased a radio from G and P received kickbacks in the amount that is valued at more than thousands times of the asking price. If you know of the incident, please report it to me by email and I will publish selected reports in the next issue if there are some.

Overall, it seemed to be a fruitful and fun day for all who were involved. Thank you all for making it a successful day!

"Kickback"

The Editor
